2

This stunning, contemporary design boasts an upstairs loft with raked ceilings creating a free-flowing sense of light and space. Upstairs is perfect for a home theatre or entertainment zone, whilst downstairs there's plenty of room with 3 kids' bedrooms surrounding a large activity room.

The generously-sized master suite boasts a massive walk-in robe and a stylish ensuite to pamper yourself. The alfresco design is creative and clever: it offers dual indoor/outdoor access from both the living area and the activity room creating the ultimate family-friendly space.

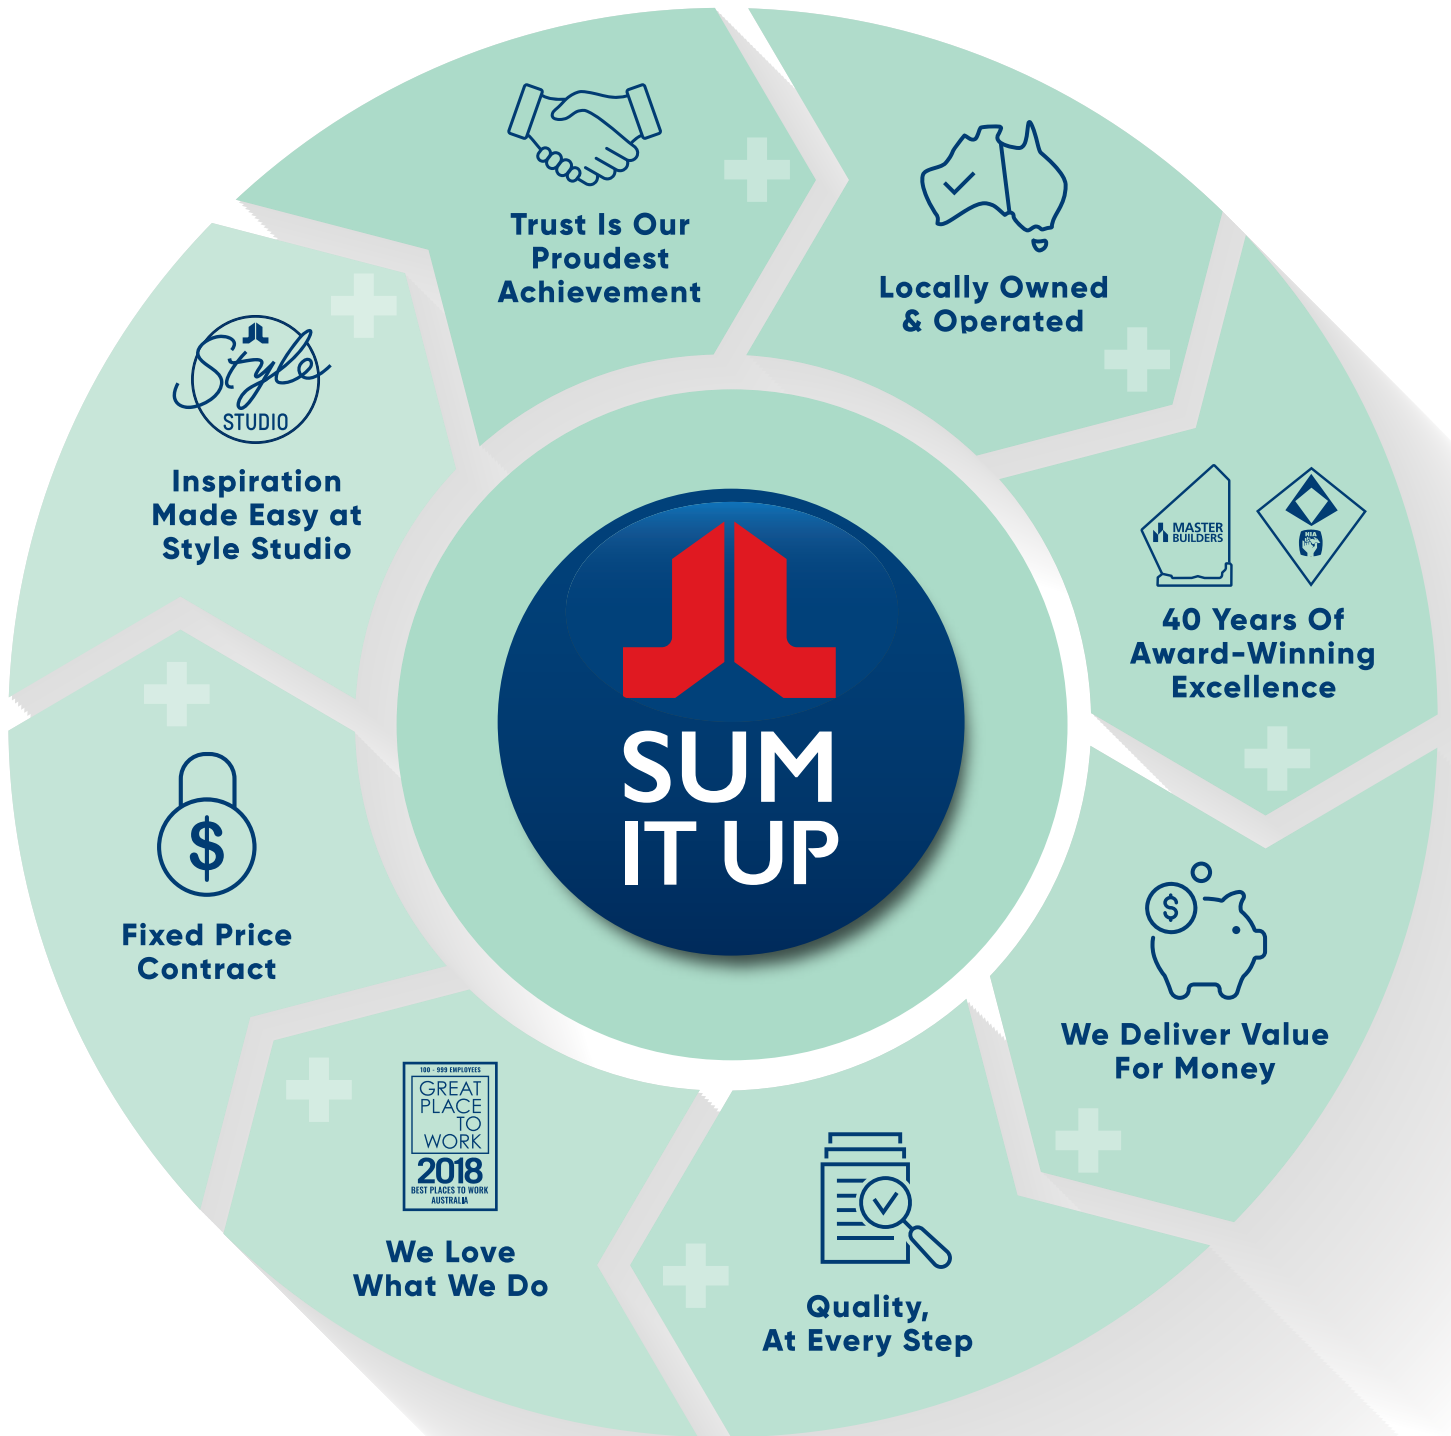

With its contrast render and feature cladding to the front elevation, this home commands attention from the street.
